

Monell Science Apprenticeship Program

Growing Roots in Science

Do you know a stellar student?

REFER THEM TO MONELL!

Monell exposes talented high school and college students to STEM careers through the summer Monell Science Apprenticeship Program, focusing on women and minorities, traditionally underrepresented in the sciences.

- **Paid research experience in world-renowned science laboratories**
- **Professional development opportunities**
- **Exposure to professional STEM role models**
- **Public presentation training**

Deadline for Summer 2019 applications: January 18, 2019

Information & application materials available at www.monell.org/sap
