

MONELL CHEMICAL SENSES CENTER

Research Apprenticeship Program

The Monell Center is pleased to announce the availability of research positions during the summer months for individuals who are enrolled in high school or an undergraduate institution. If accepted, each apprentice will work (and get paid an hourly wage) for at least 8 weeks during the summer months in the laboratory of a Monell scientist and will participate in a number of workshops and lectures. Members of African-American, Hispanic-American, Native-American, Pacific Islander or other ethnic or racial group under-represented in chemosensory research are encouraged to apply.

Applications can be obtained from www.monell.org/studentprogram/ and should be completed and returned by April 15, with a letter of recommendation from a science teacher or counselor.

Applications and recommendations should be submitted to:

**Monell Research Apprenticeship Program
